Quick-Setup Centerless Grinder

MQS-300

Centerless Grinder with two independent Grinding Wheels, designed exclusively for Family of Small-Lot, Multi-Diameter workpieces. With the ability to shift the Grinding Wheels in two directions, and arrange the layout of the Wheels for multiple workpieces—the changeover time is dramatically reduced.
MQS-300
Quick-Setup Centerless Grinder

- **Part Diameter Capacity**
  - \( \Phi 0.5 - \Phi 10 \, \text{mm} \)

- **Grinding Wheel**
  - **Size**
    - 1. \( \Phi 305 (\Phi 355^\circ) \times 50 \times \Phi 177.8 \, \text{mm} \)
    - 2. \( \Phi 305 (\Phi 355^\circ) \times 50 \times \Phi 177.8 \, \text{mm} \)

- **Surface Speed**
  - 2700 m/min

- **Motor**
  - 2.2 kW

- **Regulating Wheel**
  - **Size**
    - \( \Phi 230 \times 50 \, (100^\circ) \times \Phi 76.2 \, \text{mm} \)

- **Infinitely Variable Speed Range**
  - 20 - 200 rpm

- **Motor**
  - 0.65 kW

- **Weight**
  - 4000 kg
  - \( \star \) Option
